

Good Late Evening Sisters and Brothers,

I have attached the link from today's radio interview. Somewhere around the 35 minute mark starts my interview and the interviewers gave me a lot of time to talk about our issues and it was easy to do from my heart and my personal experience. I think everyone knows that we are in the fight of our lives and we need to stay strong and stand up with each other and lean on each other. If you know someone looking for some part time help or something one of your brothers or sisters could do then reach out. Today I was at Lowes in Westminster and noticed they are looking for immediate help for unloading of trucks 5-10p.m. I think that might be something that would help a family get through this strike and stand up to these greedy bastards. We are working on engaging our community services committee to help members in need and as we move forward we will try to educate our members. There will be lots of information coming out so stay engaged and stay strong. I will continue to send out information as I receive it and we will keep updating our website.

Thank you Brother Tim Gordon and John Moran for showing up to the hall on Sunday unsolicited to help answer calls. These type of members is why we are so STRONG!! The company was expecting massive scabbing today, they got a few worthless liabilities. Total outside scab technicians in all of Maryland is 23!!
