

Hello Brothers and Sisters,

Proud to see the great showing of solidarity at Glen Burnie and Pikesville wireless stores. Was great to hear about the solidarity in Frederick, White Marsh, Bel Air and Westminster. As usually 2100 mixed with some 2101 members continued to show Verizon that we are not going away and we will continue fighting.

On Monday Local 2106 is having a rally in Salisbury, they will have the Fat Cat and the Rat blown up, for support and pictures. If anyone wants to join 2106 they are rallying on Monday 7:00a.m. at 1401 Mt. Hermon Rd. Salisbury Md. 21804.

Join CWA District 2-13 Vice President Ed Mooney and members of the District 2-13 Verizon bargaining team for a bargaining update call on Monday May 16, at 7 pm ET.

or text CWACALL to 69866.*

Advance registration closes at noon on Monday.

On the call we will give an update on the strike and on the key issues in our negotiations with Verizon. We will answer some of the most common questions we are hearing from members and retirees about our progress and about what's at stake.

Please register for the call to get the most up-to-date, accurate information.

Thursday there is a March in Washington D.C. in support of the strike, please see attached and stand by for updates and adjustments. If you would be interested in riding on a bus to the rally from White Marsh please call the Hall and let Ginny know. If we have enough people then we will do so.

Tentatively we are planning to picket Saturday the 21st at Catonsville and Cockeysville wireless stores from 11:00 a.m. till 1:00p.m. and then meeting at a park in Reisterstown for a family cookout and some fun and games. We will be looking to invite 2101 to this and will workout details this week.

On Friday the 13th some of our members followed a scab from Missouri to a job in the White Marsh area. The scab informed the picketers that he was sent here from Missouri by his parent employer who had a contract with Verizon and he did not know he was scabbing until he got here. And all he really wanted to do was go home but wasn't quite able to get there with his current financial situation. After witnessing the scab have an emotional breakdown the picketers collectively pitched in and helped the scab with the first leg of his trip which was to go to Virginia to get money from his brother to make it home to Missouri. The scab was very grateful and was happy as he headed home with his Verizon supplies and his dog HALT clipped to his seat belt. Hopefully he persuaded some of his friends to go along. This is just another sign that the company does not care who or why they drag someone else into this labor dispute.

ONE DAY STRONGER ONE DAY LONGER

In Unity,

Mike Somers President CWA Local 2100
